Transpersonal psychology is a sub-field or "school" of psychology that integrates the spiritual and transcendent aspects of the human experience with the framework of modern psychology. It is also possible to define it as a "spiritual psychology". The transpersonal is defined as "experiences in which the sense of identity or self extends beyond (trans) the individual or personal to encompass ...

Energy medicine, energy therapy, energy healing, vibrational medicine, psychic healing, spiritual medicine or spiritual healing are branches of alternative medicine based on a pseudo-scientific belief that healers can channel healing energy into a patient and effect positive results. This idea itself contains several methods: hands-on, hands-off, and distant (or absent) where the patient and ...

Still, let's be careful that this is done in a psychologically healthy manner. First, it's good when our work is recognized and appreciated; the spiritual point is that we shouldn't crave this admiration as an aspect of a personal identity, but that we endeavor to accept all benefits of our work in praise of Christ, who emptied Himself for our sake, who suffered for us, who died on a ...
