William Arnold (24 June 1587 – c. 1676) was one of the founding settlers of the Colony of Rhode Island and Providence Plantations, and he and his sons were among the wealthiest people in the colony. He was raised and educated in England where he was the warden of St. Mary's, the parish church of Ilchester in southeastern Somerset. He emigrated to New England with family and associates in 1635.

Goal #2: To understand the geographical claims of European nations in colonial North America. Within 93 years after the first permanent British colony was settled in North America in 1607, the Spanish, French, Dutch, and British were deeply involved in the great race for empire.

#### **The Colonists - What they created**

Colonial America facts and history begin with the first permanent colony in Jamestown and eventually spread to the east coast of America. By the time of the American Revolutionary War the eastern coast of North America was home to Thirteen English colonies also known as the 13 original colonies. These colonies would become the first United States of America after the British lost the Revolution.

William Blackstone, an eccentric Anglican clergyman, was the first European to live in the Boston area, arriving there in 1623. When the Puritans of the Massachusetts Bay Colony arrived in 1630 and found him living on land for which they had a patent, they drove him out and ordered his house burned to the ground.
