The Israeli work week is one of the longest and less financially rewarding in the western world but despite the long hours of labor Israelis still find time to pursue leisure activities. Israel's population, which consists of many immigrants coming from different cultures also influences the leisure culture.

Israel - Culture. Although they know how to work long and hard (only the Japanese have a longer work week), they also enjoy their leisure - e.g. on a beach day or a stroll along the board walk on Shabbat (the Jewish holy day) is common. Israelis are also avid sports players, and it's not uncommon to see them playing tennis, football, basketball,...
