Minutes from downtown Chicago, Illinois Institute of Technology is a “beautiful green oasis in a bustling city.” This career oriented school prepares students to “[make] the jump from student to professional” with a curriculum “strongly based on applied learning” and access “to student research at all levels.”

Illinois Institute of Technology - The Princeton Review College Rankings & Reviews

Zero is an even number. In other words, its parity—the quality of an integer being even or odd—is even. This can be easily verified based on the definition of “even”: it is an integer multiple of 2, specifically 0×2 . As a result, zero shares all the properties that characterize even numbers: for example, 0 is neighbored on both sides by odd numbers, any decimal integer has the same ...
