Title: Manual on catfish hatchery and production. A guide for small to medium scale hatchery and farm producers in Nigeria Author: FAO Created Date

Manual on catfish hatchery and production. A guide for ...

Bivalve mollusc culture is an important and rapidly expanding sector of world aquaculture production, representing approximately 20% of this output at 14 million tonnes in 2000. The majority of production is from natural populations although increasingly stocks are approaching or have exceeded maximum sustainable yields. Enhancement of stocks through the capture and relaying of natural seed in ...
