The fourth graders I'm working with on a regular basis are learning about fractions. During a class conversation, one student declared, "Fractions aren't numbers." Most of the others in the class agreed. I tried to help with the misunderstanding by teaching a lesson about placing fractions on a number line.

Fractions on a Number Line | Marilyn Burns Math Blog

The adjustment to the whole group lesson is a modification to differentiate for children who are English learners. Show students a bag of number cards and demonstrate pulling one out. Look at the number and say it. Hold up the number to the number line you previously made, and locate where it goes ...

Space Information Space is big, dark and cold. There is no air or water in space. Astronauts explore space in specially designed spacecraft called spaceships. Robots are also used to explore space. The only place in space that people have been to is the moon. Some people think that there may be life on other planets. Planets are in outer space.
