The Encyclopedia Of Immaturity

Capability Immaturity Model (CIMM) in software engineering is a parody acronym, a semi-serious effort to provide a contrast to the Capability Maturity Model (CMM). The Capability Maturity Model is a five point scale of capability in an organization, ranging from random processes at level 1 to fully defined, managed and optimized processes at level 5.

Narcissus: Narcissus, in Greek mythology, the son of the river god Cephissus and the nymph Liriope. According to myth, his rejection of the love of the nymph Echo or of the young man Ameinias drew upon him the vengeance of the gods, and he fell in love with his own reflection in the waters of a spring and pined away.

Theodicy, (from Greek theos, "god"; dikē, "justice"), explanation of why a perfectly good, almighty, and all-knowing God permits evil. The term literally means "justifying God." Although many forms of theodicy have been proposed, some Christian thinkers have rejected as impious any attempt to fathom God's purposes or to judge God's actions by human standards.

Feminist Ethics is an attempt to revise, reformulate, or rethink traditional ethics to the extent it depreciates or devalues women's moral experience. Among others, feminist philosopher Alison Jaggar faults traditional ethics for letting women down in five related ways. First, it shows less

concern for women's as opposed to men's issues and interests.
