

The Philosophy Of Language

The Philosophy Of Language

Philosophy of Language. The history of the philosophy of language in the analytical tradition begins with advances in logic and with tensions within traditional accounts of the mind and its contents at the end of the nineteenth century. A revolution of sorts resulted from these developments, often known as the "Linguistic Turn" in philosophy.

Language, Philosophy of | Internet Encyclopedia of Philosophy

Philosophy of language. In particular, philosophy of language studies issues that cannot be addressed by other fields, like linguistics, or psychology. Major topics in the philosophy of language include the nature of meaning, intentionality, reference, the constitution of sentences, concepts, learning, and thought .

Philosophy of language - Wikipedia

Philosophy of language. Because its investigations are conceptual rather than empirical, the philosophy of language is distinct from linguistics, though of course it must pay attention to the facts that linguistics and related disciplines reveal.
