Water Babies (6-36 Months) For our littlest fish with little or no water experience, we offer a Water Baby class. Through this swim class, your infant or toddler will acclimate to the aquatic environment and begin to lay a foundation for their future swimming skills at a pace that is comfortable for them and their stage of development.

Water Babies Swim Class | Splash Swim School

Babies love the warm water environment. This beginner class is all about water acclimation, comfort, and safety. Children will learn breath control, balance in the water, and to calmly go under the water. Baby swim lessons feature songs, games, and activities that help little ones learn to swim in a child centered environment. x
